

Dear Valued Customer,

LIFELINK Central Terms & Conditions; Data Protection

With LIFELINK central AED Program Manager, managing your AEDs has never been easier or more accurate.

Not only will you know for certain that your AEDs are ready when you need them, you'll also save time and money on your AED program management by eliminating manual checks for connected devices and more efficiently tracking status even for non-connected ones.

Defib Central Ltd are dedicated to working in Partnership with both Stryker and your local Ambulance Services provider. As discussed with your local Stryker Representative or Ambulance Service Community Defibrillation Officer registering your device on the LIFELINK Central platform allows both Defib Central and your Regional Ambulance Service to assist in the management of your AED Program. In order for us to register your LIFEPAK® CR2 Defibrillator we need your agreement to ensure that we comply with the requirements of the Data Protection Act. Please read the below Terms & Conditions and sign, date and return this form to Defib Central or your local Stryker Representative.
