DE.LIGHT-F3

Specification sheet

DESCRIPTION

Introducing the De.Light-f3, a versatile multidirectional light crafted entirely from brass, designed to articulate in three key locations: the base of the shade, mid-arm, and base of the stem. Its angular-shaped shade diffuses a warm, focused light, creating an inviting ambiance in any space.

Option for a spherical shade with a slightly narrower focus and boule-shaped base (De.Light - f4).

Personalize your De.Light-f3 or f4 by choosing between hand-engraved detailing or a sleek lacquered finish on the back of the arm.

These numerous positions make this design an interesting addition for living areas near coffee tables, dining tables and sofas as a reading light.
