DE.LIGHT W1

Specification sheet

DESCRIPTION

The De.Light is a solid brass double wall light with a leather sheathed stem detail. The main structure tops an opal glass diffuser or a cylinder fabric shade and the Directional stem features a conic shade mounted with a moveable joint. Perfect as a bedside reading lamp or to illuminate wall art.

For hotels and restaurants, where lighting optimization is often a Challenge, Ancora IX redefines layout possibilities with functionality and design. In private spaces, this model is an ideal addition to any living room, bedroom or vanity.
