

Fennocasa Polaris 3 Shower Set: Rain Showerhead with Handheld

- **Shower set consisting of** shower column, diverter, shower arm, rain showerhead, handheld with adjustable holder
- **Easy Installation:** Easily upgrade an ordinary shower head into a rainfall shower set with a handheld shower - no drilling required, installs in 20 minutes using an existing mixer valve (no valve included)
- **Rain showerhead with 3-setting handheld shower** on adjustable holder. Enjoy the luxury rain shower head, handheld shower on 5' hose, or both simultaneously. The conveniently placed diverter is easy to reach for everyone.
- **Install with or without height extension** (see measurement pictures)
- **Installation:** Wall-mounted, connects to NPT threads. Lower wall-bracket attached with adhesive or screws
- **Rain showerhead:** Round, 8 inches
- **Handheld shower:** 3-setting
- **Shower arm:** with left-right swivel
- **Water Flow:** 2.5 GPM or 1.8 GPM
- **Materials:** brass (shower column, shower arm, diverter, fittings, hose), stainless steel (showerhead), abs (handheld & holder)
- **Cartridge:** Ceramic disc diverter cartridge
- **Custom parts available**
- **Spare parts** readily available from manufacturer's FL warehouse
