

Daily Defense: Keep them healthy!

What is the key ingredient in Daily Defense?

Each ingredient is the best one for the job at hand. Maintaining nutritional balance is a big job.

How does Daily Defense detox my pet's body?

Dandelion is well known for detoxifying the liver which the organ that detoxifies the blood. Having clean filters in the liver are key to eliminating toxins on a daily basis. Nettles works the same way for the filters in the kidneys. Kidneys filter toxins from the body fluids so optimal hydration can be maintained.

Can you address how Daily Defense is a natural anti parasitic?

Parasites cannot live in a healthy, balanced environment, however they thrive in an unhealthy GI tract. Diatomaceous Earth is well known for its ability to dehydrate the exoskeleton of parasites and the larva in the GI tract, therefore, creating and maintaining balance in that area of the body.

How does Daily Defense balance the thyroid?

Sea vegetables are well known for their high iodine content. The thyroid needs iodine to function in top form.

Having a natural iodine supplement in the diet through Daily Defense makes it easy to supply this needed nutrient. The thyroid is one of the most important glands in the endocrine system. It makes and stores hormones, effectively balances the metabolism and stimulates bone cells to add calcium to bone.

What is the difference between Daily Defense and Peak Immune?

Both formulas contain Astragalus, the amazing Chinese herb that actually builds the immune system that is so important for maintaining good health. Peak Immune is a powerful immune system booster. Given 4 times per year to support natural body changes. This formula can be used more often for working animals or pets with compromised immune systems.

Daily Defense is a daily nutritional supplement that does more than boost the immune system. It effectively balances the WHOLE system. Daily Defense is Canine, Feline, and Equine friendly and is a simple way to supplement your pet's daily diet.
