

Glacier Peak Holistics News

Volume III, Issue II ~ February 2016

Making Miracles Happen... Naturally!

Message from the Pack Leader:

Welcome to a brand new month. We hope you have settled in to 2016 nicely. As always, we are working hard to help you create the best possible lives for your 4 footed best friends. Our new website is getting closer to a "go-live" date which brings me to my first topic: Does your pet have *STAR* quality? We are on the hunt for awesome photos of your best friend. Dogs, cats and horses fit this request. If you have a high resolution photo that you would love to see on a very special website, send it to "traci@glacierpeakholistics.com". If you have a winning photo that we use, you will get 2# bag of GPH Daily Defense for free. So come on... Give us your *best* shot!

In other news, February 20th is National Love Your Pet Day.... Say what? Don't we love them every day? Whew! Where do they get this stuff? I have an idea. February 23rd is National Biscuit Day... How about we start that on National Love Your Pet Day, and all the days in between? We can show a little extra love with extra biscuits. I have a couple pups sitting here saying YES to that!

And that brings me to my next subject, Ellia has a new best friend, and so do I. His name is Krieger, in honor of someone very special who had a dog that very much resembled this pup. Ellia and I sprung him from the local animal shelter on New Year's Eve. He's a very large 7 month old pup, full of juice and he is doing a great job of keeping Ellia on her toes. Having a little male energy in this house of girls is a welcome change.

As always, we are grateful for your continued support and for sharing all you success stories with us. This newsletter promises more great stories that our spotlight customers have shared with us. Enjoy this lovely month of love, until next month...

Happy Tails,
Deb, Ellia and Krieger

Mary Ellen Mack - Otego, NY

We featured Mary Ellen and Skye in our February 2015 Newsletter, so we thought we'd follow up with them as Skye is a shining example of how beneficial alternative methods and remedies can be! Welcome back! GPH

Thank you! Love your products! Without them and your sensitivities test, Skye wouldn't be here today. I'm so grateful to you guys as you saved his life a few years ago. I had no help from the vet's office. My poor boy, he was 70 lbs and all bones, he's now a solid lean 85 lbs and doing great!
