

**SPARK PLUG LEAD**

**LEAKING GARDEN IRRIGATION SYSTEM**

**GRIP FOR RACQUET**

**LOW PRESSURE LEAKING PIPES**

# PRATLEY®

## **RUBBER TAPE**

**NEW** **Self-Fusing**  
0.5 mm x 19mm x 1.6m

**PRATLEY RUBBER TAPE** is “self-fusing”. It fuses (amalgamates) to itself once wrapped and has 1001 uses. The self-fusing property prevents it from coming loose and renders it useful for fixing low pressure leaking pipes, making handle grips and much more. It is also a high voltage electrical insulator.

### **SOME SUGGESTED USES:**

- Repair low pressure hosepipe leaks.
- Repair hoses and pipes on cars (not exhaust pipes).
- Seal cables and insulate wires.
- Seal coolant pipes.
- Make a neat grip on sports equipment.
- Bind rope ends so they don't unravel.
- Separate mechanical parts that rattle or chafe.
- Insulate spark plug leads.

**Dispenser of 20 x Carded Packs  
(4 Rolls per Pack)  
Product Code 91005**
