TOGETHER IS A BEAUTIFUL PLACE TO BE

Wedding Decor Like No Other

We make traditional Mexican wedding papel picado bunting, hand-cut flag designs, made of tissue paper or plastic. These are unique wedding decorations, rarely found in the UK.

We make both personalised and non-personalised garlands. The personalised garlands, which include the wedding couple's names, are custom-made to order in Mexico and shipped free worldwide via DHL tracked insured courier. Our ready-to-buy non-personalised garlands are stocked in our Aylesbury, UK, warehouse, and are shipped immediately, via Next Day Delivery if necessary.

All our decorations are handmade in Mexico by master craftsmen and women. Our Founder, Brit. Aprylle Stuart, assists Wedding Planners in providing these show-stopping decorations for their clients worldwide. She is on hand throughout the order process, from purchase to delivery.

We create that "Wow!" factor that couples and their guests never forget.

"Thank you so MUCH! We had the most amazing day and the banners looked incredible! Everyone was absolutely blown away by them as were we! Honestly they really made the marquee look amazing and above and beyond what we had envisioned!"

"Everything turned out incredibly at the wedding and people were amazed by the decorations and the little waving flags. The place looked like a dream!!! The little flags caused a sensation as everyone was waving them when we arrived! Lots of people have asked me for your details as that venue has never looked so beautiful!"

How Mexican Bunting is Made

A great deal of love and hardwork goes into making every couple's wedding decorations. Our Artisans cut out each flag design using a hammer and hundreds of differently shaped chisels.

Our Artisans are the soul of our company. Every purchase profoundly helps them and their families and keeps the ancient craft of papel picado alive.

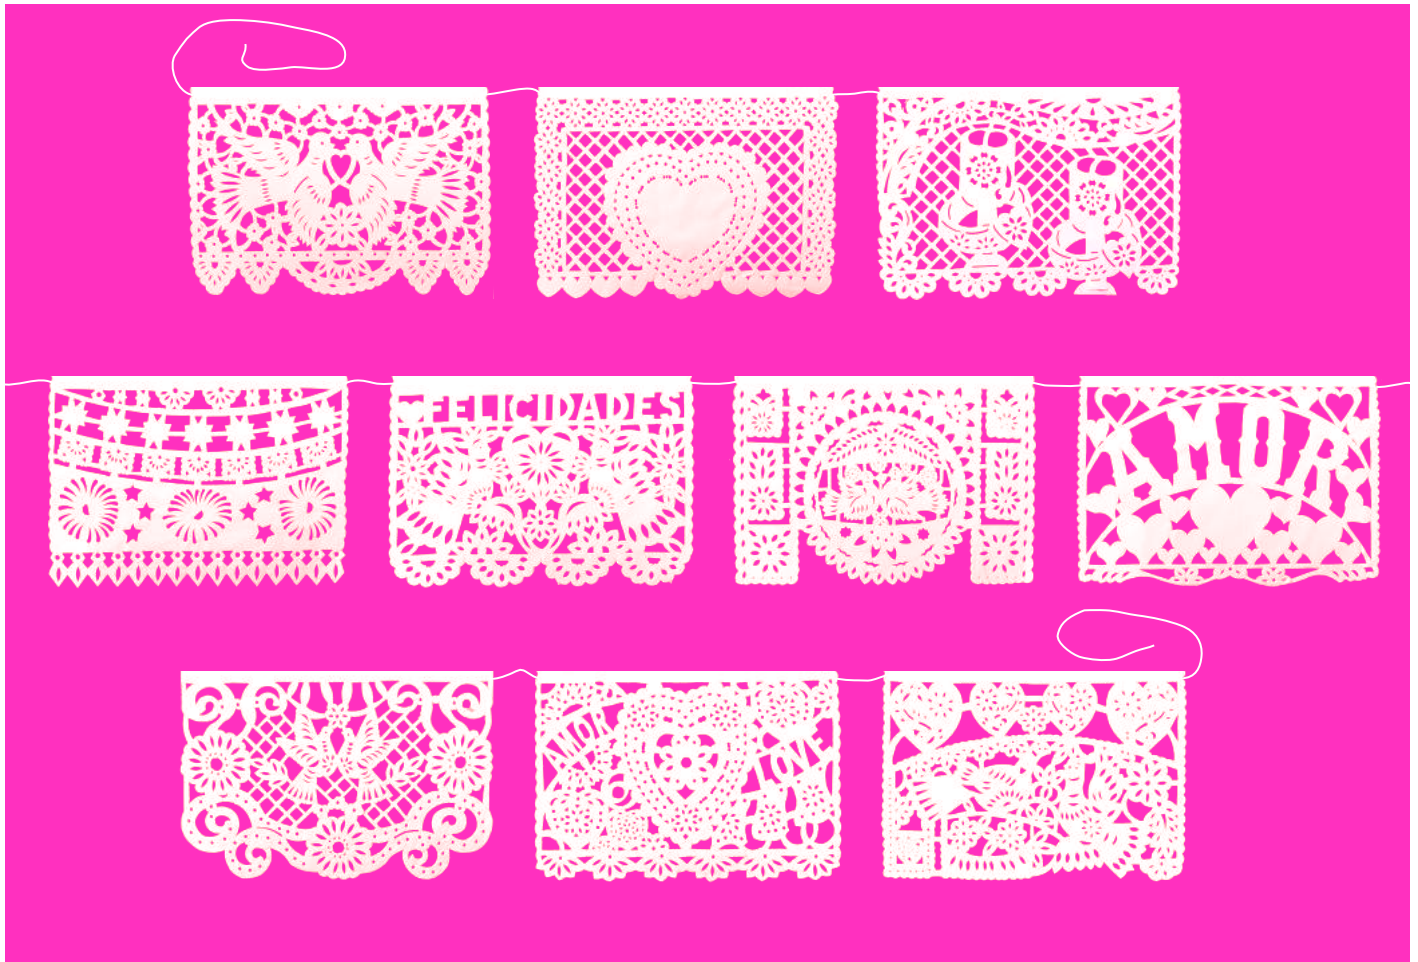

"Aprylle has been incredible throughout the whole order process and we were absolutely delighted with our bunting"
