## ASSEMBLE!

**HERE'S HOW:** Trim out the 4 pieces that form your papercraft as indicated. Don't forget to cut the assembly slots in each piece. Roll the base piece into a loop-type shape and secure by sliding the two vertical BLACK slots into each other. (Loose ends stay INSIDE the loop.) Then insert the background, middleground and foreground pieces into the base by aligning the corresponding RED, BLUE and GREEN slots.

**Middleground piece:**  
Cut out on yellow line  
around ghosts and  
right on art-edge  
around the green  
portion of the piece.

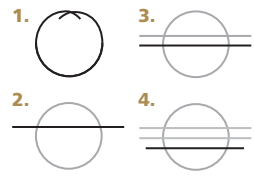

**Background piece:** Cut out on yellow line around ghosts and right on art-edge around the green portion of the piece.

Base loop: Cut out right on art-edge of the piece.
