

KEALOPIKO ALL ALOHA

Custom Order Request & Contract

Kealopiko's ALL Aloha Collection are custom pieces produced and created uniquely by hand in Hawai'i at our Molokai Workshop. Because each piece is unique and custom, and not mass produced, rather small batch – each piece is individually different and never identically the same. We take pride in this beautiful process – it is not exact, and the slight imperfections that occur bring more beauty and surprise.

Before continuing and committing to this custom request, please accept our process and acknowledge it below by signing your name.

If things need to be exact for your order, then we humbly ask you to seek your request elsewhere and mahalo you for thinking of us.

ALL ALOHA Process

- All Aloha garments are made entirely in Hawaii nei and at our Molokai workshop
- Each piece from this collection is considered a CUSTOM piece. All pieces are individually created and produced.
- Dye colors, art choice & ink colors need to be provided, BUT in this **CUSTOM PROCESS THERE IS NO GUARANTEE OF IT BEING EXACT & NO REFUNDS WILL BE MADE**. We will do our best to match all requests and to provide a beautiful order, but thru our production process we cannot offer/guarantee to be exact with your requests.
- Custom order timeline: (1) send custom request, (2) create mockup for approval, (3) receive invoice, (4) pay invoice, (5) production begins, (6) production complete, garment(s) are mailed
- **Full Payment** will need to be made after design mockup is approved.
- All custom orders require at least **5-6 months** of production before deadline.

DESIRED DUE DATE

Order Process

Please follow the steps and include as much information for what you envision. Links to resources to assist with your order are also available. Please include as much information as possible (images, screenshots from our website/social media pages). All is helpful! Mahalo nui!

Please write in your preferences below each category:

Body Color – The color the garment will be dyed. Please select colors here: <https://www.peaktech.com/resources/tools/pantone-color-chart/> If the link doesn't work, please search PMS Color Chart on your favorite search engine. **Note: Dark colors (black, dark gray, red) are extremely difficult for us to create due to our environmentally friendly dye process.**

Our DYE process requires drying in the sun, wind, and natural elements. This gives the fabric a weathered-look and texture, different from a traditional uniform look of pigment dyeing. Fabric may have a 'wrinkled', slightly streaked or tonal 'tie-dye' depending on the intensity of the sun and wind the day we dye the fabric.

*** All apparel is hand-dyed and hand-printed. We try our best to match your selected body and ink color but cannot guarantee it. We can guarantee that it will be within 2 shades of the requested color (either lighter or darker). Refunds or exchanges will not be accepted if the color is within this range.
