RING SIZING GUIDE

We want to thank you for showing your interest with our rings at The Vintage Gentlemen. This guide will help you find the right size for your future ring purchase. To ensure accuracy with your sizing, please print the page at the default scale.

PRIMARY METHOD

(PREFERRED)

STEP 1

Print and cut out our our sizer. Also cut out a slit on the “cut here” to be able to slide the ring sizer around your finger.

STEP 2

Once placed on your finger pull the end of the sizer through until it is snug.

STEP 3

Ensure the sizer is not too tight. As it will cause the sizing to be inaccurate.

STEP 4

The size for your ring will be next to the slit. Keep in mind if it falls between two whole numbers, it is a half size.
