

FOOD SUPPLEMENT **CONTRACT MANUFACTURING**

CERTIFICATIONS: HACCP, ISO9001:2015, FDA, QUARANTINE, ACO CERTIFIED ORGANIC

AUSTRALIA'S LEADING INNOVATOR AND MANUFACTURER OF FUNCTIONAL FOODS *'to ensure wellness'*

Proudly Australian owned and operated since 2000, we manufacture more than 200 health food products ranging from superfood powder blends, vegan plant protein shakes, herbal teas, healthy snack foods, dark chocolate coated superberries and much more. These have all been researched and designed to help support the liver, alkalise, increase antioxidants, to rebuild collagen, enhance energy, sleep better and improve overall wellness. Based on the sunny Gold Coast, our multi-award winning products are sold Australia-wide and internationally in major supermarket chains, pharmacies and health food stores.

We stand apart from other health food manufacturers because all of our products are backed by research and are developed by a team of in-house nutritionists, naturopaths, chemists and food technologists. We believe in the philosophy "let food be your medicine and medicine be your food", so every single product we innovate is designed to give you a specific benefit that you need to help you get 'more' out of life®.

OUR AIM

While your focus on selling your products, we make it.

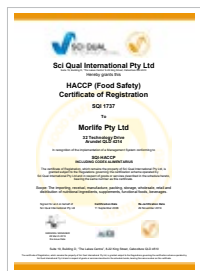

Morlife has the experience, knowledge and superior technology to help you achieve your manufacturing needs, right here on the Gold Coast. We pride ourselves on taking your ideas from concept to finished product. We specialize in food powders, herbal tea bags, instant teas, fruit and nut snack packs, muesli, chocolate coating and sachets.

QUALITY ASSURANCE

FOOD SAFE

Morlife operates following principles of GMP (Good Manufacturing Practice) with a HACCP (Hazard Analysis Critical Control Point) Food Safety Certification and ISO9001:2015 Quality Management System. These systems help us to meet customer expectations and needs by continually monitoring and improving quality with the aim of producing highly nutrient-rich products using safe top quality food ingredients.

THE COMPANY TAKES CARE

Morlife has won over 40 National and International food awards that reflect our innovation in creating products that are functional, nutritious and of the highest quality.

RESEARCH FOCUS

Morlife also has a dedicated research team of fully qualified naturopaths and nutritionists that can do the groundwork for your new product development. We have access to the latest research and can provide advice on health and ingredient trends, recommend the best ingredients to use to address specific functions and also develop custom formulations to suit your needs.

PACK-EXPORT

We have developed and manufactured products for the Australian market as well as export market. We can freight forward to your warehouse nationally or pack containers at Morlife to ship out through Brisbane port to your customers.

In 2018, Morlife won the Export Award at HKABA QLD for international trade between QLD and Hong Kong.

MANUFACTURING PROCESSES

Morlife's state of the art, glass-free production facility was built to blend and pack functional foods, powders and liquid products to the highest standards for distribution throughout Australia and international markets.
