

HOW TO PLAY:

- Each round begins with the "judge" drawing a card from the deck and reading it to the group.
- All other players think of an answer and share it with the group (in no particular order).
- The judge chooses their favorite answer, and that player gets to keep the card as a point.
- The next player is now the judge for the next round.
- *Mindfuck cards are just there to enhance your high. Discuss and enjoy. There are no winners for these cards.
