Questions For Couples™

SETUP:

Time to put down your phone and learn about who you spend 99% of your time with. Divide the cards into the 3 designated piles: "Ice Breaker," "Deep," and "Deeper."

HOW TO PLAY:

The person who made the first move in the relationship is the first to draw a card.

For each round, draw 1 Ice Breaker Card, 2 Deep Cards, and 2 Deeper Cards. One player reads the card for the other player(s) to answer.

Players alternate turns reading and answering the questions, starting with the Ice Breaker Card and then working their way on to the 2 Deep and then 2 Deeper Cards.

HOW TO WIN:

Play until you know too much about each other...or it's time to take it to the bedroom.
