

MERRY DISSMAS™

THE FAMILY HOLIDAY PARTY GAME

CONTENTS:
8 Dry-Erase Boards
8 Dry-Erase Markers
250 Cards

Season's Greetings! This game will test your knowledge and patience as you go through trivia about your friends and family. Take a deep breath. Ready? Let's get into it.

SETUP:

This fun little gift contains a set of caption cards and a set of dry-erase boards with matching markers. The deck contains 2 types of cards: Most Likely To and Name That Answer. Each player takes a whiteboard and marker and gets ready to roast.

Shuffle the deck of cards, and place it facedown in the center of the playing area.

HOW TO PLAY:

The last person who had a holiday drink from Starbucks serves as the first Diss-Master. Then maybe try somewhere local. Don't be so basic! (That was a diss test. Don't worry, you handled it beautifully!)

The Diss-Master draws a diss card from the pile and reads it out loud to the group. Do your best to keep a straight face and remember NOT to give away your answer just yet.

Each player then uses the whiteboards to write their best answer down. Or worst answer, we won't judge. That's for the other special snowflakes to do.

PRO TIP: If you are the Diss-Master, you can pick based on any criteria you choose! Funniest, grossest, cutest—it's up to you!

The Diss-Master chooses their favorite response! If 2 or more players come up with the same answer, you can either give them both a point, award no points, or hold a tiebreaker! House rules.

HOW TO WIN:

Play continues in a counterclockwise circle. The first player who gets too fed up with being called out or wins 10 cards, wins! Whichever comes first. If there's a tie, play another round until a winner is declared.
