Contents:
150 Location Cards
350 Review Cards

Separate the Location Cards and Review Cards into 2 decks. Every player begins each round with 7 Review Cards.

Gameplay

Submitted Review Cards

Once every player has submitted their Review Card, the judge reads each Review Card out loud and chooses the winning card to end the round. The winner keeps the Location Card as a point and gameplay continues. The position of judge rotates to the left and the following steps are repeated.

Ehhh. Not worth the hype. You're better off staying home.

Kind of dirty and very expensive for what it is.

Far too much nudity for comfort. And not the type of people you'd want to see nude.

Gameplay

Play until the first person reaches five Location Cards or until you get bored. All good things must come to an end eventually.

Judge's Choice

When the current judge draws a Judge's Choice Card, they may choose the location for that round. For example, the judge may choose their own apartment, another player's bedroom, etc. Personalize it!
