E N For setting up any designs, please keep in mind to remain the hole with four arrowheads always facing up.

E S Para configurar cualquier diseño, tenga en cuenta que sigue siendo el agujero con cuatro puntas de flecha siempre hacia arriba.

E N Insert each stick with a firm twisting motion. This will take the stick further into the hole for stronger construction. Please make sure that you are pushing the stick straight into each hole without any angle.

E S Inserte cada palo con un movimiento de torsión firme. Esto llevará el palo más adentro del agujero para una construcción más fuerte. Asegúrese de empujar el palo directamente en cada orificio sin ningún ángulo.

E N After three or four balls have been connected by the connecting rods, please double check if each hole with four arrowheads in each ball is still facing up.

E S Después de que las bielas hayan conectado tres o cuatro bolas, verifique si cada orificio con cuatro puntas de flecha en cada bola todavía está hacia arriba.
