

KL7 Series Warranty and Return Policy

PLEASE READ CAREFULLY

30 Day Return Policy. A return may only be requested during the first 30 (thirty) days after the delivery date of your KL7 Series. Please email your request for a Return Authorization Code to warranty@BobsCNC.com. A refund cannot be processed without an authorization code.

The kit must be returned to BobsCNC in its original packaging, in unassembled condition. The customer is responsible for return shipping

We will be unable to honor requests for returns after the 30 (thirty) day period has expired.

Return Shipping Damage

Bobs CNC will not be held liable for any damage(s) incurred in return shipping. We recommend that you purchase shipping insurance to cover the original purchase price for the product returned to BobsCNC.

90 Day Warranty Period

BobsCNC guarantees all supplied parts and components for 90 (ninety) days after the delivery date. If any parts are missing or defective, please contact BobsCNC within the 90 (ninety) day warranty period by email to warranty@bobsCNC.com. After 90 (ninety) days no warranty is expressed, given or extended nor can any refund be offered.

Technical Assembly

The assembly, setup, and a basic understanding of the machine's parameters requires technical knowledge, mechanical proficiency, and operating experience.

We cannot guarantee a customer's ability to assemble, setup or use our product(s). Since the quality of any products or projects created using the KL7 Series is dependent upon its proper setup and a basic understanding its operating parameters, BobsCNC does not guarantee the quality of the parts manufactured using the KL7 Series.
