

# TREAD BLASTER™

A HAR-TRU PRODUCT

#147-4000

## FEATURES

Cleans dried-on surface material

Cleans the spaces between the grips

Keeps the tops of your shoes, socks and pant legs dry

Uses very little water (less than 1 gallon per pair of shoes)

Works on virtually all sizes of shoes from small children on up

Saves time over other shoe cleaning methods and is more convenient

Cleans all types of shoes

The TREAD BLASTER™ is uniquely designed to remove dirt and grit from your shoes without getting the tops of your shoes wet. A necessity for all facilities with clay courts and other industries. Easy to install, all you need is access to water and a garden hose with a spigot that provides a pressure of 30 to 60 psi.
