Your Coffee Experience

EUREKA is a leading company in designing and manufacturing modern and elegant coffee grinders since 1920.

Founded in Florence by Aurelio Conti, the company started its activity as manufacturer of grinders for Espresso and quickly became a symbol of excellence. Nowadays, thanks to its international and dynamic attitude, Eureka aims to become the most innovative company in the coffee grinder industry: the “State of the Art” in grinding technique for any type of coffee preparation.

Our mission is to provide an impeccable service, being always careful to the customer needs, through competitive products which combine design, technology and innovation. All this without renouncing to a 100% “Made in Florence” product, entirely hand-assembled in our Florentine factory: where industrial organization is melded to artisanal knowledge with wise mastery.

Coffee is not just a drink: it is a passion, a ritual and a daily source of inspiration. With our range of accessories, you can take your coffee experience to the next level. Our accessories have been carefully designed to meet the needs of true coffee lovers. Whether you are an experienced barista or a coffee enthusiast who likes to experiment at home, you will find the perfect tools to express your creativity and achieve amazing results.

Get ready to enjoy your coffee experience in a complete and authentic way.

Automatic Tampers

DISKO

Automatic tamper standalone

FEATURES & BENEFITS

HIGH TAMPING SPEED

just 1.5 seconds. Your workflow gains speed.

AUTOMATIC PORTAFILTER RECOGNITION

(thanks to metallic reader sensor): enhance speed and safety during workflow.

PRESSING FORCE CUSTOMIZABLE:

from 10 to 30 kilos, to get an even and consistent tamping.

COMPACT AND MODERN DESIGN

it fits easily in every barista's workspace.

POSSIBILITY TO SELECT BETWEEN SINGLE OR DOUBLE TAMPING (sequential):

choose the tamping profile you prefer.

HIGH- SPEED MAINTENANCE

the "Clean mode" enables to lower and (possibly) remove the tamping disk

UNIVERSAL FORK*

easily adjustable in height, compatible with any kind of filter holder (single/double/naked).

LIMITLESS TAMPS PER DAY:

use it how often you need in your workspace.

MADE TO LAST:

Disko can keep up for at least 200'000 tamps, to support high consumption shops and chains.

READY TO SUIT YOUR NEEDS:

Thanks to the Tamper Kits available as separate accessories, you can easily update and switch the standard 58 mm tamping disk according to your portafilter type. This means that you can update your DISKO at any time, even if you change your coffee machine.

Cleaning Kit included:

- Allen key for quick disassembly of the pressing disc.
- Brush to clean hard-to-reach places.

* currently not compatible with La San Marco portafilter*
