Organically grown, hand-picked and guided through into bottle with little to no manipulation in the winery, this cool climate Malbec shows power and concentration but retains a bright vibrancy and elegance. Opening with deep violet florals, Asian spice and rich savoury/earthy notes it then reveals an alluring minerality. The palate is full and broad showing deep ripe blue/black fruit, layer upon layer of integrated tannins and cleansing acidity. Certainly, a Malbec that is built to last and reward patience, but still bright and approachable enough to be enjoyed young – just be sure to work your way through a rare fillet steak or rich mushroom ragoût between sips.
