Wine analysis	Alcohol	13.5%
	Total acidity	5.2 g/l
	pH	3.67
	Residual sugar	less than 1 g/l

Comment

Our 2017 Malbec shows the power inherent to the variety yet also expresses the cool climate in which it is grown. Opening with dense blackberry/boysenberry fruit and a black olive savouriness the aromas then shift to reveal lifted qualities of purple florals and fragrant sweet spice. The palate shows a lovely weight and concentration of fruit, balanced by a charming elegance & finesse. Not at all shy on tannins (integrated and ripe) and with consummate acidity this wine will surely age well. It also has the ability to comfortably hobnob with rich savoury dishes, especially straight off the BBQ. Made naturally without sulphur, apart from a very small amount added at bottling. (March 2019)
