Winemaker	Hätsch Kalberer	
Wine analysis	Alcohol	13.5%
	Total acidity	5.2 g/l
	pH	3.55
	Residual sugar	less than 1 g/l

Comment This is the third vintage we have bottled this single vineyard Pinot from the east facing slopes of Churton Vineyard. Situated in the Waihopai Valley at a higher altitude than our other sites lends this Pinot naturally higher acidity whilst the clay predominant soil provides good fruit weight and layered tannins. The nose opens with pristine red/blue fruit, subtle integrated oak and alluring minerality. The palate is full and textured with ripe fruit, fine tannins and tasty acidity. This is a juicy yet structured Pinot that drinks great now but will age for years to come.

Short description Red/blue fruit (wild strawberries, dark plums) nuances with floral spice and lifting minerality. The palate shows good weight and structure with pretty fruit and layered tannins. (October 2018).
