	Total acidity	4.7 g/l
	pH	3.77
	Residual sugar	Less than 1 g/l

Tasting Note

A new addition to the FROMM family, our 2018 Pinot Naturel is vibrant, energetic and uncomplicated. It can be drunk young and slightly cooler and offers a delightful and energetic alternative to our established Pinot Noir range. Organically grown and made, this Pinot has had no adjustments and no additives (except for the tiniest touch of sulphur at bottling).

The nose shows bright, vibrant red fruit (cherries, raspberries), rose petal florals and a dusting of aromatic spice. The palate is charming and immediately approachable with elegant, pristine fruit and juicy acidity. The tannins are subtle whilst still offering structure enough to match with various foods. A beautiful summer wine that also happily stands in stead of white wines over the winter months.

Short description

Opening with bright red fruit characters and then revealing aromatic spice and rose petal florals. The palate is juicy, vibrant and energetic with a refreshing, moreish finish (November 2018)
