Cellaring potential 2021
Winemaker Hätsch Kalberer

Wine analysis
Alcohol 13.5 %
Total acidity 5.5 g/l
pH 3.29
Residual sugar Less than 1g/l

Comment Showing a rush of colour, this Rosé is both charming and pretty, yet still offers great structure and drive. With initial hints of watermelon and pink rosebud florals the nose then opens to reveal wild strawberries and cream. The palate is crisp and vibrant with delicate red fruits, an elegant dry palate and juicy fruit acidity that leaves the mouth revived and thirsty for more. A versatile food matcher!

Short description An elegant dry Rosé, good harmony of structure and refinement, fresh, bright and linear.
