Comment 2007 has given us a denser, more expressive Fromm Vineyard Pinot Noir than the already approachable 2006. The 2007 is quite broody at first but time in the glass reveals intense cherry/plum, spice, richness and a savoury finish. The dense, silky fruit easily matches the slightly earthy tannins which this site is noted for and will expand fully over the palate in the years to come. One of the most promising Fromm Vineyard Pinot Noirs of recent vintages.

Short description Intense cherry/plum and spice nose. Dense, silky fruit, rich but finely textured with earthy tannins and a savoury finish. (May 2010)
