tomorrow

A powerful, connected solution that meets your needs as you grow

Digitize vital information trapped on paper for use in your ERP and CRM systems. Or be ready for technologies like RPA (Robotic Process Automation) to further streamline repetitive tasks and free up your workforce. Whether you're scanning to an application, file folder, or initiating a business process, **Kodak S3000 Series Scanners** and **Kodak S3000 Max Series Scanners** set the new standard for capture accuracy, security, and ease for any industry.

Exceptional image quality for superior accuracy

- Get sharper images to deliver more accurate data to applications via OCR, searchable PDF, and barcode reading
- Turn even poor-quality originals into crisp images with Perfect Page technology and Dual Light Illumination while scanning at rated speeds
- Streak removal, background smoothing, image edge fill, and more automatic image enhancements
- Add a custom string of text on your documents via the built-in digital stamping feature or optional post imprinter accessory

Unsurpassed protection for paper and data

- Advanced Intelligent Document Protection (IDP) and multi-feed detectors catch and alert you to paper feeding problems to ensure all your documents are scanned without damage or skipped pages
- Straight-through or U-turn paper path with adjustable feeder pressure, and optional integrated flatbed for smooth, safe document handling
- Feed a wide array of paper sizes and weights in any batch
- Up to 500-sheet feeder and output tray, plus controlled exit stacking for mixed-batch handling accuracy
