

Environmental Policy

The objective of our environmental policy is to:-

- ▶ Conform to, or exceed the requirements of all relevant legislation.
- ▶ Establish standards which will promote the use of environmentally friendly processes and materials.
- ▶ Promote recycling and the use of recycled materials, while working to reduce the consumption of all materials wherever possible.
- ▶ Work to conserve energy in the workplace, use where possible energy efficient products in all areas of the business.
- ▶ Continually work to reduce emissions and minimise waste at all times.
- ▶ Ensure that waste disposal practices conform to, or exceed the requirements of all relevant legislation at all times.
- ▶ Promote environmental awareness and responsibilities with all employees. Include during training and programmes throughout the company.
- ▶ Aim to use recycled paper containing at least 70% genuine post consumer waste.
