

## imageFORMULA DR-S150

### HIGH PERFORMANCE SCANNING WITH FLEXIBLE NETWORK CONNECTIVITY

- **Big productivity** up to 90 ipm colour scanning and large 60 sheet ADF
- **Flexible connectivity** options with LAN, WiFi and USB connectivity to PC and smart devices
- **Easy operation** using large colour touch screen and direct network PUSH scan function
- **Robust design** for workloads up to 4,000 scans/day
- **Automatic intelligent processing** with OCR, Barcode, 2D Code recognition
- **Customised integration** using plug-in connector SDKs
- **Versatile and reliable paper handling** of wide range documents, including passports and ID cards
- **Reduced IT and operational costs** with centralised scanner and user profile management
- **Tight security** with simple 4-PIN code access and various methods for user log-on authentication
- **CaptureOnTouch Pro** software for easy, yet powerful capture processing and integration tools

# WORK SMARTER NOT HARDER

### INTRODUCING THE **imageFORMULA** DOCUMENT SCANNER RANGE FROM CANON.

Highly versatile and reliable Document Digitisation solutions help your customers convert paper-based information into electronic images for more efficient, secure and cost-effective document processing, sharing, and archiving. Our Scanners range from personal, desktop and multi-functional devices assisting your customers on the go, in the office or in shared workspaces.

## imageFORMULA DR-G2 SERIES

### A3 PRODUCTION SCANNERS OPTIMISED FOR CUSTOMERS WHO REQUIRE HIGH SPEED PRODUCTIVITY, SUPERIOR IMAGE QUALITY AND DEPENDABLE FEEDING PERFORMANCE

- **Durability** with robust paper-feed system and ultra-tough and efficient transport rollers
- **Innovative technology** eliminates hard-to-read scans due to light text and wrinkled paper. Active Thresholding automatically compensates for deficiencies to deliver high quality scanned images
- **Reliable and versatile feeding** enabling you to scan mixed documents together with pages being reliably fed into the scanner
- **Advanced Network connectivity** and integration which allows the DR-G2110 and DR-G2140 models to connect via a wired LAN connection. The scanners also include ISIS/TWAIN/WIA and Kofax VRS Drivers which support integration.

## A4 FLATBED SCANNER UNIT 102

Scan bound books, journals and fragile media up to A4 by adding the simple to connect, via USB cable, optional Flatbed Scanner Unit 102. The flatbed unit works seamlessly with the main scanner in a smooth dual-scanning operation that lets you apply the same image-enhancement features to any scan.

## NA10 AND WA10 NETWORK ADAPTERS

Network Adapters that enable users to share access to imageFORMULA scanners across multiple computers. Delivers enhanced mobile scanning options and works seamlessly over either a wired LAN or wireless

\* wireless connection only with WA10 network adapter
