BRANDS THAT HAVE CHOSEN TO PARTNER WITH US:

OUR MISSION: STOP OCEAN PLASTIC

Our Mission

We're passionate about our planet and our adventures on it. That's why we create premium travel gear from upcycled ocean plastic.

For every gift given, **your company is removing 229 plastic bottles from the ocean.** With each sustainable bag, we are keeping plastic from polluting our oceans.

Benefits of partnership

- ✓ Increase your brand exposure
- ✓ Make a statement about your values
- ✓ Make a positive impact on the planet

Our Partnerships

We've partnered with multiple groups in The Philippines, Indonesia, and China who work with local teams in creating jobs for locals to pull plastic out of the ocean that can be upcycled into useful goods.

OUR PARTNERS IN REMOVING OCEAN PLASTIC

Eco-friendly materials

SHORE-TEX™

Shore-Tex™ is our textile fabric made entirely from ocean-bound plastic. With each sustainable bag, we are keeping plastic from polluting our deep blue seas.

How we upcycle ocean bound plastic.

We **collect plastic** from beaches and riverways that gets sorted and cleaned.

The plastic is **broken down** into flakes and pellets.

Then it's **stretched to yarn** and wound up into Shore-Tex™.

Eco-friendly materials

SHORE-PLAST™

Shore-Plast™ is our high impact and durable material made from ocean-bound plastic. Used to create our watches, solar powerbanks and other accessories.

HERE'S HOW IT WORKS

STEP 1: **Select Your Product**

Use our catalog or website to choose the sustainable gifts you want to brand with your logo.

STEP 2: **Customization**

Send us your logo and our in-house designers will prepare a mockup with placement choices.

Add Ons Personalize with gift notes, custom branded packaging on select orders, and social impact reports available.

STEP 3: **Shipping**

Our packaging is also eco-friendly. We can ship your premium gear in bulk or just send us your list of recipients and we will dropship it for you.
