TEND SECURE

LYNX PRO

SMART HOME SECURITY WITH UNINTERRUPTED VIDEO MONITORING AND FACIAL RECOGNITION

Whether it's indoors, outdoors or both - Tend Secure Lynx® Pro offers complete home visibility and a robust security solution that is unmatched in the market.

Built to ensure uninterrupted video monitoring in the event of a power or internet outage, Lynx Pro stores up to 3 days of data. Once power/internet returns, local data is uploaded to the cloud.

With intelligent facial recognition, you choose who the camera recognizes. Receive check-in notifications when family and friends arrive so you know who is home.

Receive instant alerts via your mobile device, and use crystal clear HD live streaming to view activity in the home. With free lifetime 7-day cloud storage*, you can review past events using the free Tend Secure app.

Weatherproof to operate under any conditions, Lynx Pro stands up to storms, power outages, and WiFi failures, and is the ultimate fail-safe security for your home or business.

*optional storage upgrades available
