

# Terramar 0-0-4

Registrant: Loveland Products, Inc.

## GENERAL

<b>EPA Registration #:</b>		<b>Signal Word:</b>	WARNING
<b>Active Ingredient:</b>	4 - Soluble Potash 3 - Organic Matter derived from leonardite	<b>Application Methods:</b>	Air, Chemigation, Fertiligation, Ground
<b>Label Version:</b>	B0519	<b>Mode of Action:</b>	
<b>Physical State:</b>	Liquid (8.35 lb / ga)	<b>Toxic To:</b>	None
<b>Product Type:</b>	Fertilizer, Foliar Nutrient, Nutrient	<b>Rainfastness:</b>	
<b>Formulation Type:</b>			

## ADDITIONAL INFORMATION

<b>Federally Restricted:</b>	No		
<b>Organic Certifications:</b>	None	<b>Other Certifications:</b>	None
<b>Posting Required:</b>	No	<b>Closed Mixing System Required:</b>	All applications in All States/Provinces: Not required
<b>Oral Notification Required:</b>	No	<b>Avoid Grazing:</b>	No

## CALIFORNIA

<b>Registration #:</b>		<b>CA Restricted:</b>	No
<b>CA NOI Required:</b>	No		

## REGISTERED FOR USE IN

AL, AZ, CA, CO, CT, DE, FL, GA, HI, ID, LA, MA, MD, ME, MI, MS, MT, NC, NH, NJ, NM, NV, NY, OH, PA, RI, SC, TN, TX, VA, VT, WA, WI

## PACKAGE TYPES

Not Available

**\*\*Specific Notices will not be shown until a pest is selected.**

## SAFETY

<b>PPE Information:</b>	Individual protection measures, such as personal protective equipment Eye/face protection Tight sealing safety goggles. Face protection shield. Skin and body protection Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact. Respiratory protection Dependent on job function. If vapors or dusts exceed acceptable levels, wear a MSHA/NIOSH approved air-purifying respirator with any cartridges/filters approved for pesticides. If respirators are used, a program should be in place to assure compliance with 29 CFR 1910.134, the OSHA Respiratory Protection Standard. Wear a supplied air respirator if exposure concentrations are unknown. General Hygiene Considerations Handle in accordance with good industrial hygiene and safety practice.
<b>Re-Entry PPE Information:</b>	No Information Available
<b>Transport Information:</b>	TRANSPORT INFORMATION DOT UN/ID no Not regulated Proper shipping name Not regulated U.S. Surface Freight Classification: FERTILIZING COMPOUNDS (MANUFACTURED FERTILIZERS), NOI, LIQUID (NMFC 68140, SUB 6; CLASS 70)
<b>Response Number:</b>	800-424-9300
<b>Medical Number:</b>	866-944-8565
<b>SDS Hazard ID Signal Word:</b>	Not Available - MSDS

## GENERAL NOTICE 1

DIRECTIONS FOR USE TERRAMAR(TM) dilutes in water and is suitable for use in liquid foliar, soil applied, and irrigation water applications, including Calcium Ammonium Nitrate and Calcium Thiosulfate solutions. Regular applications are important for maximizing crop potential during unexpected stress. Rate is 2.0 to 4.0 quarts per acre. Apply as needed based on soil tests or according to recommendations in your nutrient management plan. FOLIAR APPLICATIONS Fill half the spray tank with water, begin agitating and add recommended amount of TERRAMAR(TM) with remainder of water and spray solution. A minimum spray volume of 15.0 gallons per acre is recommended. Use a surfactant for maximum dispersal and leaf adherence. SOIL APPLICATIONS Soil-applied treatments can be made by mixing with soil applied nutritional products, through directed sprays to the soil, sidedress treatments, applications through the irrigation systems or any other methods which effectively apply TERRAMAR(TM) to the soil. TERRAMAR can be applied through drip, microjet, sprinkle, overhead, infurrow, flood and other types of irrigation at the suggested rates.

## GENERAL NOTICE 2

PURPOSE STATEMENT TERRAMAR(TM) is a highly soluble blend of biologically extracted kelp and humic substances. TERRAMAR augments a balanced crop nutrition system by improving soil CEC\* and chelation, stimulating soil microbiota, improving plant vigor, and elicits plant response during periods of stress. \*Cation Exchange Capacity KEEP OUT OF REACH OF CHILDREN WARNING Harmful if swallowed. Avoid contact with skin, eyes or clothing.

## TANK MIX INFORMATION

### COMPATIBILITY

TERRAMAR(TM) is compatible with most insecticides, fungicides and fertilizers. Some pH adjustments may be required with acidic mixtures. Add surfactants after the product has completely dissolved in the tank solution. If interaction of chemicals is unknown, a "jar" compatibility test is recommended.
