

**Phone calls:**

Press the answer call button to answer and end calls.

**Playing music:**

When your friendie AIR is paired with a device that supports A2DP you can enjoy music wirelessly and with the multifunction controller.

**Battery charging:**

The wireless headset is powered by a rechargeable li-ion battery. Please use the USB cable supplied to recharge the battery.

1. Insert USB charging cable into PC USB port
2. Connect charging cable into the charging port on your friendie AIR.
3. Red light shows the battery is charging.
4. Blue light shows the battery is fully charged.
5. It takes approximately 2 hours to fully charge the battery.

**Weatherproof:**

friendie AIR Active provides protection against rain (IPX5).

Please ensure the charging protective cover is firmly closed. Warranty is void if the device is submerged within water. Wear and tear of the micro USB charging cover or inappropriate use will void the warranty.

**Listen responsibly:**

Headphones are capable of delivering sounds at loud volumes. Prolonged exposure to loud sounds can cause irreversible hearing damage.

**Troubleshooting:**

**Pairing:** Check if earphone is in pairing mode.  
Check if Bluetooth is active on your mobile phone.

**Audio:** Check if device is in valid range.  
Check if battery is low.

**Care instructions:**

**Cleaning** Use a soft cloth to clean headphones.  
Do not clean with detergents or solutions.

**Drying** Do not use a hair dryer or microwave oven to dry the headphones.

**Battery** Do not heat, pierce or damage the headphone, or put near fire.  
Do not expose the headphone under direct sunlight for long periods of time.  
Do not cast aside battery along with your garbage.  
Please discard of the battery at a proper collection station.

**Cable** Damage to the power cable and audio cable will result in lost quality.  
Prevent treading, pushing, tying or pulling the cable roughly to avoid distortion.  
Keep away from children and pets.  
Do not allow children or pets to swallow.  
Do not put cable near hot source.  
When disconnecting cable, hold plug and pull out.
