First use:

Fully charge friendie AIR before pairing.

The wireless headset is powered by a rechargeable li-ion battery. Please use the USB cable supplied to recharge the battery.

1. Insert USB charging cable into PC USB port.
2. Connect charging cable into the charging port on your friendie AIR.
3. Red light shows the battery is charging.
4. It takes approximately 2 hours to fully charge the battery.

Power on/off:

	Operation	LED light
Power on	Press and hold the  power button for 5 seconds	Blue
Power off	Press and hold the  power button for 5 seconds	Red

Pairing your friendie AIR: (preferred method)

1. Enter the pairing mode:
Press and hold the power button for 6 seconds until the LED indicators blink red and blue alternatively.
2. On your mobile device (eg mobile phone) ensure Bluetooth is turned on.
3. Keep your headphones and your mobile device within 1 metre.
4. Begin searching for Bluetooth devices on your mobile device, and select the friendie AIR PRO device.
If a password is required, enter 0000.
5. Headphones LED indicator will flash blue once paired.
Next time the headphones will automatically pair to the same mobile device.

Pairing via NFC: (if supported by mobile device)

1. Turn on your friendie AIR PRO.
2. On your mobile device, turn NFC and S-Beam (if available) to on.
3. Place your mobile device on the friendie logo of the right ear.
4. Approve the pairing request if asked.
5. Devices should now be paired via Bluetooth.

Phone calls:

Press the answer call button to answer and end calls.

Playing music:

When your friendie AIR is paired with a device that supports A2DP, you can enjoy music wirelessly and with the multifunction controller.

Battery charging:

The wireless headset is powered by a rechargeable li-ion battery. Please use the USB cable supplied to recharge the battery.

1. Insert USB charging cable into PC USB port.
2. Connect charging cable into the charging port on your friendie AIR.
3. Red light shows the battery is charging.
4. Blue light shows the battery is fully charged.
5. It takes approximately 2 hours to fully charge the battery.

Troubleshooting:

Pairing: Check if earphone is in pairing mode.
Check if Bluetooth is active on your mobile phone.

Audio: Check if device is in valid range.
Check if battery is low.

Care instructions:

Cleaning Use a soft cloth to clean headphones.
Do not clean with liquids, detergents or solutions.
Do not expose the headphones to rain or wet air.

Drying Do not use a hair dryer or microwave oven to dry the headphones.

Battery Do not heat, pierce or damage the headphones, or put near fire.
Don't expose the headphone under direct sunlight for long periods of time.
Do not cast aside battery along with your garbage.
Please discard of the battery at a proper collection station.

Cable Damage to the power cable and audio cable will result in lost quality.
Prevent treading, pushing, tying, or pulling the cable roughly to avoid distortion.
Keep away from children and pets.
Do not allow children or pets to swallow.
Do not put cable near hot source.
When disconnecting cable, hold plug and pull out.

Listen responsibly:

Headphones are capable of delivering sounds at loud volumes. Prolonged exposure to loud sounds can cause irreversible hearing damage.
