

# RESTORALYN®

NATURAL

## CELLULAR SUPPORT†

Powerful Antioxidants  
Leucoselect® Grape Seed Extract  
Resveratrol Extract

## Q&A

### HOW DO I TAKE RESTORALYN?

As a dietary supplement, take 1-2 capsules twice daily with meals. For Intensive Use: take 3 capsules twice daily with meals or as directed by your physician. Best results are obtained with long-term, consistent use.

### IS IT SAFE?

Absolutely it's safe. It is a nutrition supplement - not a drug!

### WHAT'S IN IT?

Restoralyn formula combines two powerful antioxidants, Leucoselect™ Grape Seed Extract with Resveratrol, to give you the most powerful way to neutralize the damaging effects of free radicals.

The seed membranes of vitis vinifera (grapes) contain a rare, organic compound. This compound offers ultimate protection for the seeds, and might very well be the antidote for many degenerative diseases.\*

This unique compound is called proanthocyanidin, a unique blend of water-soluble bioflavonoids. It is one of the most powerful natural antioxidants available; 50 times more powerful than vitamin E and 20 times more powerful than vitamin C.

### WHAT ARE FREE RADICALS?

Free radicals are atoms/ groups of atoms with an odd, or unpaired, number of electrons. They are usually formed when oxygen interacts with other molecules and studies indicate that free radicals may be responsible for 70%–80% of all degenerative diseases. Antioxidants are the body's defense mechanism against free radical damage.

### CAN I TAKE RESTORALYN IF I AM ON MEDICATION?

If you are taking any drugs, if you are pregnant, if you are lactating, if you have allergies or if you are contemplating a new diet or exercise program, you should always check with your health care physician. Restoralyn is a nutritional supplement and should not replace any medicines without you first consulting with your health care physician.

### CAN I TAKE THIS WITH MY USUAL VITAMINS?

Absolutely you can. Restoralyn is a nutritional supplement. You should always check with your health care physician if you are contemplating a new diet or exercise program.

### I AM GOING IN FOR SURGERY, CAN I TAKE RESTORALYN?

That is a good question! You should always check with your health care physician.

### I AM GOING THROUGH CHEMOTHERAPY, CAN I TAKE RESTORALYN?

That is a good question! You should always check with your health care physician.

### CAN I TAKE RESTORALYN AT ANY TIME?

It is advisable to take it anytime. Just be sure and take it alongside food or a meal.

### WHERE IS RESTORALYN MADE?

Restoralyn is made in the USA, under stringent conditions, where absolute safety protocols and standards are met. The lab is a GMP qualified lab. GMP represents the optimum standard for manufacturing.

## RESTORALYN PROVIDES NUTRITIONAL SUPPORT FOR:

- Antioxidant Deficiencies\*
- Immune System Support\*
- Well Being\*
- Healthy Blood / Heart\*
- Fighting Free Radicals\*
- Mental Clarity\*

Restoralyn provides the nutritional support to improve many ailments.\* With its combination of Leucoselect™ Grape Seed Extract and Resveratrol (a natural antioxidant produced by plants in response to injury or when the plant is under attack by pathogens like bacteria) it helps the body neutralize many of the damaging effects of free radicals.\*

In fact, studies indicate that free radicals may be responsible for 70%–80% of all degenerative diseases, so it's never been more important to combat their effects. Restoralyn contains a compound called proanthocyanidin, a super anti-oxidant which is 50 times more powerful than vitamin E and 20 times more powerful than vitamin C.

So start your war on free radicals, and the harmful illnesses they can lead to, today, starting with just two capsules.\*
