Looking for safe, NATURAL, nutritional support for ... Candida infections, colds, sore throats, flus, irritable skin health challenges, intestinal upset and much more?

TriGuard Plus contains **OLE-100 Complex**, a safe, natural compound from a concentrated source of olive leaves, combined with water-soluble, ingestible-grade tea tree oil and a very unique formula of structured silver water. The manufacturing process converts these natural ingredients into an extremely potent compound that is highly effective in numerous applications.

TriGuard Plus is used by health care professionals worldwide as nutritional support for individuals with certain health challenges.

TriGuard Plus with **OLE-100**, is a broad spectrum, antimicrobial and antiparasitical compound, processed using a proprietary technology where olive leaf extract (alcohol-free, processed with low-heat), structured silver water (99.99% pure) and water soluble tea tree oil is combined with a coconut oil derived, glycerin base.

TriGuard Plus with **OLE-100**, helps you avoid a large number of pathogenic bacteria, fungi and parasites and maybe the natural prophylactic with the broadest spectrum action against invaders that attack animals.

TriGuard Plus with **OLE-100**, has powerful ingredients that have shown promise, nutritionally supporting immune response against the following viruses: Avian Infectious Bronchitis, Avian Smallpox, Avian Encephalomyelitis, Marek's Disease, Aphthous Fever, New Castle, Vesicular Swine Disease, African swine fever.

TriGuard Plus with **OLE-100**, is a powerful bactericide that may help one avoid, gram-positive and gram-negative bacteria, such as: Escherichia coli, Salmonella, Staphylococcus, Corynebacterium, Klebsiella, Clostridium, Diplococcus, Proteus, Shigella, Erwinia, Bacillus, Mycobacterium, Brucella, Brevibacterium, Listeria, Pasteurella, as well as protozoa such as biperias (except b. tenella).

TriGuard Plus with **OLE-100**, is a powerful fungicide that may provide nutritional support against fungi of the following genera: Aspergillus, Penicillium, Trichophyton, Fusarium, Pullularia, Microsporus Candida, Epidermophyton.

TriGuard Plus with **OLE-100**, may be one of the most potent and effective, broad spectrum bactericide, fungicide, antiviral and antiparasitical compounds available. TriGuard Plus is environmentally safe with a low toxicity to man and animals.

The Food & Drug Administration has evaluated none of the above statements. This product is not intended to diagnose, treat, cure, or prevent any disease.

Please read and review the Directions for Use booklet for dosage suggestions and cautions or contact your health care physician.
