1 QUART (32 oz / 0.94 L) Net Weight 2.2 Lbs (1.0 Kg)

SuperMicrobe Root Fertilizer

This all-in-one rooting formula supports living soil and is full of an array of microbes known to support mineral mobility. Includes adequate phosphorous for root stimulation.

Use SuperMicrobe Root Stimulator for all stages of growth.

For lawns, gardens, and house plants--in both soil and hydroponics plus compatible with hose-end sprayers!

Guidelines for use

Feed every watering for entire lifecycle.
Compatible with other fertilizers.
All phases of Growth:
- 1 tsp per gallon (5 mL)
- Hose-end sprayer ratio (1 : 750)

Storage

Store between 55-75 °F in a cool, dark place. Keep away from children.
