FIND YOUR RING SIZE

1. Find a ring that fits you perfectly right now, ensuring it fits on the same finger you plan to wear your Via Saviene ring.
2. Place your ring on the circles in the diagram below until you find the size that matches most closely, ensuring that the inner edge of your ring aligns with the circle's outer edge.
3. If your ring is between two sizes, go with the larger size.

To ensure accurate sizing, please ensure these rulers measure two inches (or twenty millimeters) when printed. Tip: make sure the "Scale to fit" option is unchecked in the print dialogue box.

MEASURE YOUR HAND AND WRIST

1. For bangles, fold in your thumb as shown. Loosely measure around the widest part of your hand. In order for our bangles to fit, this measurement must be smaller than $7 \frac{3 / 4 \prime \prime}{\prime \prime}$ (the circumference of our bangles).

2. For bracelets and cuffs, Measure the circumference of your wrist.
$\qquad$ in.

## MEASURE YOUR OWN BRACELETS

1. Choose a bangle or bracelet that fits well. Measure the inner-diameter and compare it to our chart. Use this measurement to guide your purchase.
