Care and Maintenance Instructions

PLEASE NOTE THE FOLLOWING INFORMATION TO MAINTAIN THE APPEARANCE OF YOUR FURNITURE

Our range of aluminium products are designed to be lightweight and easy maintenance, all our aluminium products are powder coated to obtain the desired colour and finish. We recommend that all seasonal furniture when not in use is stored in a dry location during varying weather conditions.

To ensure long life, clean your aluminium furniture twice a month with a solution of mild detergent and warm water then rinse well.

Regular maintenance by using the following methods below will help prolong the life of your furniture:

- We recommend that all seasonal furniture is covered and stored in a dry location during varying weather conditions and winter period. Please ensure furniture is dry before placing in storage.
- If your item has any folding mechanisms, take care when opening. Keep hands away from folding mechanism and children should be supervised at all times.

Parasol

To avoid damage to your patio furniture or parasol, we recommend using a suitable parasol base to keep your parasol secure when in use.

We recommend to prolong the life of the fabric of your product to store in a dry ventilated location when not in use or during varying weather conditions. Should the fabric become wet please leave open to dry before storing.

Caution

Protect from varied weather conditions

Suntan oils, salt spray and other similar products can affect the life expectancy of powder coating
