hardwood gazebo

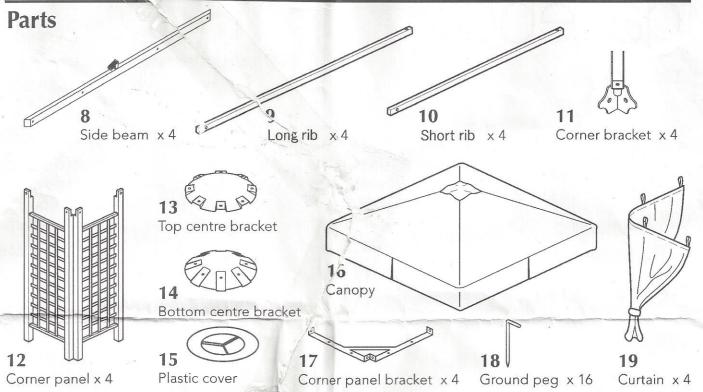

T39 7640

simple, step by step, assembly instructions

5/185

Safety Advice

Please take the time to carefully read furough the whole instructions before you commence.

Keep these instructions for future reference.

This gazebo is for outdoor use only. Only place on a flat level surface.

Unpack and inspect all of the contents. Please dispose of plastic bags safely.

We recommend two people assemble this product.

Small component parts could choke a child if swallowed. We strongly recommend that you keep children well away from the work area.

Assemble the product as close to its intended final position as possible.

Never attempt to fit the canopy in windy conditions.

Keep Gazebo away from fires, barbecues, patio heaters, hot surfaces etc. The gazebo does not have a flame retardant cooking area.

The gazebo should be anchored down wherever possible.

The canopy is shower proof to BS 5066, but it is not waterproof.

The canopy should be stored in a dry safe place when not in use. Do not repack untill it is completely dry.

HANDY HINT: If you keep your hardware in a bowl during assembly you will be less likely to lose them.

Using the correct size screwdriver will make assembly easier.

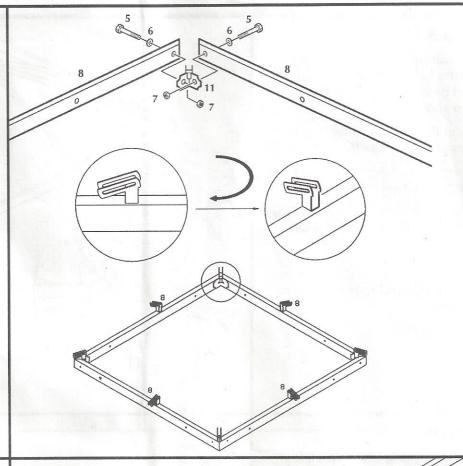

Tools Required: Crosshead screwdriver (medium), Spanner, Step ladder.

Step 1

Lay out all four side beams (8) on the floor and fix together through the corner brackets (11) using 30mm bolts (5), washers (6) and nuts (7).

Redirect the "U" brackets on the four beams as photo indicates

Hand tighten only at this stage.

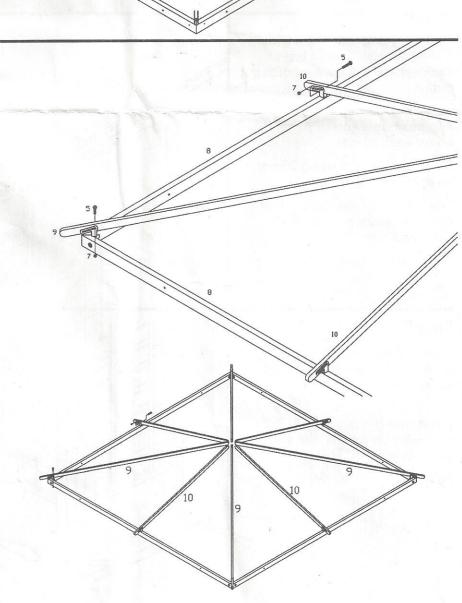

Step 2

Place the end of the long ribs (9) into the 'U' bracket in each corner. Fix in place using 30mm bolts (5) and nuts (7).

Place the end of the short ribs (10) into the 'U' bracket in the middle of each side beam (8). Fix in place using 30mm bolts (5) and nuts (7).

Do not fully tighten yet.

Step 3

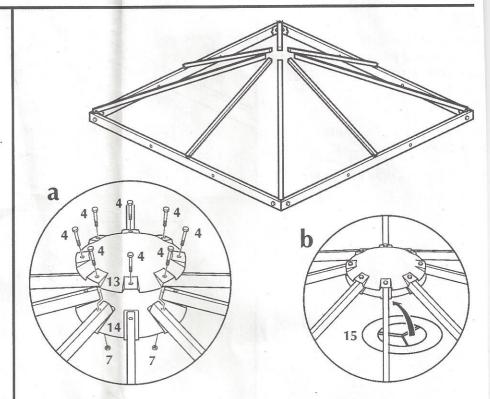

a: Position the top and bottom centre brackets (13 & 14) above and below the ends of the long and short ribs.

Align the holes and fix together using 45mm bolts (4) and nuts (7).

Only fully tighten when all of the bolts have been inserted.

b: Position the plastic cover (15) onto the underside of the centre brackets.

Fully tighten all nuts in the roof assembly.

Step 4

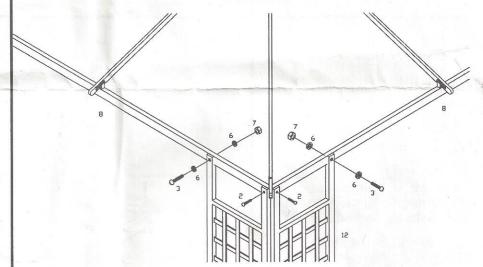

Open out and stand up all four corner panels (12) (the top of each vertical will have a notch cut out).

With help, lift the roof assembly and position a corner panel (12) under each corner.

Fix at each corner using 30mm silver screws (2).

The sides are fixed using 50mm bolts (3), washers (6) on both sides and nuts (7).

Hand tighten only at this stage.

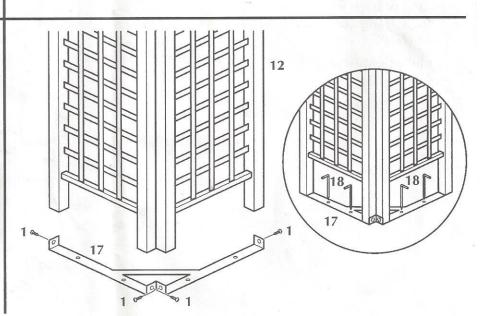

Step 5

Place a corner panel bracket (17) under each corner panel (12) and attach using 30mm black screws (1).

Insert four ground pegs (18) into the holes on each of the corner panel brackets (17).

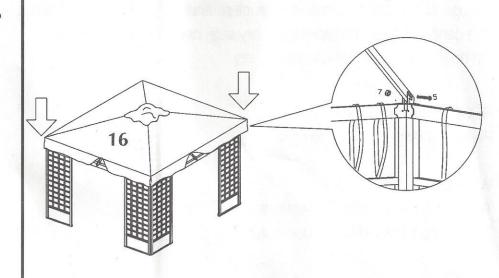

Fully tighten all screws and bolts.

Step 6

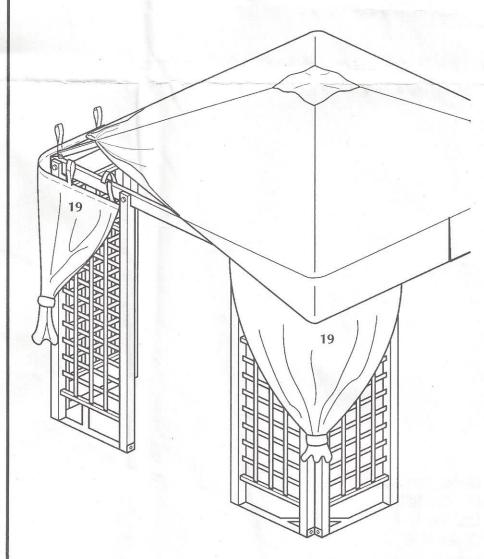

Place the canopy (16) over the gazebo frame. This requires two people.

Position over the first corner followed by the (diagonally) opposite corner. Repeat for the remaining corners

Step 7

Attach the curtains (19) onto each corner, wrapping the velcro straps around the roof side beams.

CARE AND TREATMENT

Wipe clean with a slightly damp cloth.

This gazebo is not a permanent structure and should be disassembled and stored away when not in use.

The canopy should be stored in a dry safe place when not in use.

Do not repack untill it is completely dry.

RECOMMENDATIONS

Periodical retightening of fixings.

WARNING

This unit is heavy, use an assistant when lifting.

This gazebo is for outdoor use only.

NOTE

Protection of gazebo is not to be used instead of sun cream. We've tried to make this product as easy to assemble as possible. In the unlikely event that you have problems putting it together or have damaged or missing pieces, please contact our customer services on 0845 762 4624
