BARCODE SOLUTIONS

Barcode Wristbands Make Your Life Easier

Getting started with barcoding is easier than you think and the efficiency gains will have you wondering, "Why didn't we do this sooner?" Even a small organization can benefit from barcoding, and the affordable startup costs make it completely accessible. Barcoding allows your organization to connect guests' ID wristbands to your point-of-sale (POS) system, provide added security for counterfeit protection, and streamline access, while identifying guests in a quick and reliable way.

- Cashless Payments
- Capture Unique IDs
- Social Media Integration
- Track Amount of Games or Time Each Guest Has Left
- Gain Insight Into Guest Preferences
- And Much More!

ENHANCE EFFICIENCY & CONTROL INVENTORY
WITH THERMAL WRISTBANDS

Increase Efficiency & Security

Streamline access, ticketing, and point-of-sale applications with text, logos, barcodes, and variable data.

Wide selection of colors to facilitate color-coding by day, hour, guest type, or access level and reduce counterfeiting.

Strong, waterproof, tamper-evident adhesive closure prevents transfer.

Save Time & Money

Reduce delivery time by printing wristbands on-demand and on-site.

Only print the number of wristbands you need.

Eliminate the need for large volumes of inventory of pre-printed wristbands.

ScanBand® S

With a direct thermal printer you can print your own wristbands on-demand! Include your venue's logo, event dates, expiration dates, time stamp, offers, custom QR codes for social media integration, and barcodes for admission, point-of-sale, or other debit systems.

TOP 5 REASONS TO CHOOSE SUREIMAGE® WRISTBANDS

1 Durability & Strength Withstands Multi-Day Use

Only the strongest, quality materials and inks are used in producing SureImage® wristbands.

2 Boost Your Brand with Custom, Full-Color Printing

Vibrant, photo-quality printing allows you to showcase your brand with maximum style. Your creative wristband is sure to become your guests' souvenir.

3 Increases Efficiency with Custom Variable Data

Numerous variable data printing capabilities such as serial numbers, linear barcodes, 2D barcodes, and stretch barcodes can be used for POS and photo capture.

4 Social Media Integration Expands Your Reach

Including your QR Code or linear barcode to integrate with Facebook, Twitter, and Instagram will provide new opportunities to spread the word about your business, offer promotions, and communicate directly with potential customers.

**5 Corporate Sponsors Generate Revenue**

These wristbands become "mini billboards" on your guests' wrists. Selling just a portion of this valuable real estate to corporate sponsors can pay for the entire cost of the wristband — even generate surplus revenue!

PLASTIC WRISTBANDS

SuperBand®

Perfect solution when you need a strong, high-security wristband that can't be transferred. Water-resistant material and a locking plastic snap make this wristband ideal for multi-day use.

FUNTOWN SPLASHTOWN USA
USES PDC VINYL WRISTBANDS
TO CONTROL ADMISSIONS

Funtown Splashtown USA, a renowned family-owned amusement and waterpark in Saco, Maine, has trusted PDC vinyl wristbands to control admissions for over 20 years! With thousands of guests entering the two parks daily, the high quality and wide variety of color options offered by PDC vinyl wristbands lineup is the perfect solution for controlling admissions and managing crowd control. The park rotates between fifteen different colors weekly, to help staff visually identify authorized guests. The brightly colored assortment of vinyl wristbands is a hit among guests as well.

"
The guests love the quality and color variety of the wristbands, especially the kids. Kids love collecting the different color wristbands, to show off their fun memories with family and friends."

ED HODGDON
Responsible for the parks' group sales and marketing

Vinyl wristbands from PDC are vital to Funtown Splashtown's everyday operations; therefore, quality is a huge factor. They tried a competitive product once, with overwhelming disappointment. Hodgdon commented that they quickly came back to PDC after finding that the quality of another brand of wristbands failed to meet their security requirements, breaking when pulled. Hodgdon also expressed that the service offered by his PDC sales representative is phenomenal, and makes reordering his custom wristbands "a breeze"!

ClearImage® Vinyl

Treat your guests to tasty colors like Mango Melon, Strawberry, Candy Apple, and Lemon Drop! They'll love the translucent look and you'll appreciate the security and durability these wristbands provide. Unlike standard white backing, the band's color is the same on both sides, making it highly visible. Add your logo or text for a wristband that's uniquely refreshing.

NO LOOSE TAB! Just Peel & Fold

NO MESS
IT'S TABLESS!

Tytan Tabless® takes the mess out of standard Tyvek® wristbands because the adhesive liner stays intact with the band. Custom print your message or logo with up to three colors. You'll get the same highly visible, non-transferable wristbands—without the mess!

Zebra® ZC10L Large-Format Card Printer

PDC now carries a unique card printer designed especially to meet the needs of the hospitality market. **It is the only large-format, direct-to-card printer that can print full, edge-to-edge color cards in one printing process.**

Produce custom, high-quality oversized badges, sporting event and concert tickets/passes, and special event and festival badges/passes on-the-spot in full-color, and in one print pass. Avoid the hassle of ordering and inventorying pre-printed cards for various levels of guest access at events.

YOUR ZEBRA® ZC10L PURCHASE INCLUDES:

• A ZC10L printer • Zebra® CardStudio Classic software

• An output tray • A USB cord and power cord

• A cleaning roller • A quick-start guide

While the ZC10L doesn't offer dual-sided printing, users are able to batch print cards, flip them over manually and print on the other side.

The ZC10L is covered by a two-year or 20,000 card manufacturer's warranty.

Tones, screens, broken lines, weak lines, or smeared art
cannot be imprinted. Outline all fonts in the artwork files.
Vector graphics preferred (AI or EPS).

Preferred File Formats

We accept standard graphic formats. Ilustrator® files preferred.

FORMAT	EXTENSION	DESCRIPTION	NOTE
EPS	.eps	Illustrator® Encapsulated Post Script	Convert text to outline
AI	.ai	Adobe® Illustrator®	Convert text to outline
TIFF	.tif	Tagged Image File Format	300-600 DPI or more
JPG	.jpg	Joint Photographic Experts Group	300-600 DPI or more

No Logos/Artwork From a Website

We cannot use logos/artwork that are copied from a web page
as these images are low-resolution and will produce a jagged,
pixilated imprint with poor quality results.

Submit Artwork In Proper Format

If artwork is not supplied in the proper format and requires
additonal graphic design work, you may be billed for art charges.

Email Your Artwork

You may email your artwork to **cs@wristbands.com**
Please include your company name, order number, contact name,
and phone number in your email message.

Artwork Archives

We are happy to keep your artwork on file for future re-orders.
This will save you time and money. Please note, if artwork is not
used within a two-year period, it will be destroyed.
