# PDC Smart® Wristband Kiosks

# Ultimate Self-Service Platforms Designed to Help Venues

Improve Guest Experience & Safety | Streamline Operations | Reduce Overhead Costs

## **Redefining the Guest Experience**

PDC Smart® Wristband Kiosks are especially designed for amusement and waterparks, resorts, and event venues with large guest capacities and daily visitors.

These trusted self-service wristband kiosks enable guests to purchase admissions, concessions, and rental items quickly. Kiosks program, print and disperse RFID wristbands on the spot, which can be used for many applications, including:

- · Access control
- · Cashless point-of-sale
- · Locker rentals

Each kiosk dispenses up to 30 transactions per hour, rendering **120 wristbands per hour** for a family of four.

Due to increased ROI, each kiosk pays for itself in as little as 3-4 months

Customize kiosks with colorful bands and branded wraps.

## **Key Benefits & Applications**

Speeds up transactions, reducing lines & wait times

Helps reduce labor costs by eliminating the need for additional staff

Improves employee productivity

Contactless to support social distancing

User-friendly interface makes transactions fast and simple

Non-recurring one-time cost with fixed ROI

Seamlessly integrates with park or resort management software

Indoor and outdoor models available

The PDC Smart® Wristband Kiosks were designed to be ultra-versatile for a variety of environments, both indoor and outdoor. This high-performance solution was built with a flexible component cavity to accommodate the necessary technology to deliver the ultimate guest experience.

# **Deliver Customizable Self-Service Solutions with Ease**
