

PDC Smart[®] Wristband Kiosk

PDC Smart[®] Wristband Kiosk is the ultimate self-service platform that enables patrons to purchase admissions or rental items quickly. It programs, prints and dispenses RFID wristbands on the spot!

Applications & Benefits:

- Programs, prints, and dispenses Smart Band[®] RFID Wristbands which can be used for many applications, including access control, cashless POS, keyless entry, social media, locker rentals, and more
- Delivers guest convenience to improve the overall experience
- Speeds up transactions to reduce lines and wait times
- User-friendly, touch-screen interface makes transactions fast and simple
- Helps reduce labor costs by eliminating the need for additional staff
- Helps prevent employee theft or cash shrinkage
- Processes secure transactions with cash or credit cards and optional security camera
- Offers customizable reports including revenue, transaction rate, rental availability, etc.
- Seamlessly integrates with park or resort management software
