# SOLUTIONS FOR PLANNING A SAFE RETURN TO SCHOOL

As schools and universities plan to safely reopen and welcome back students, there are many concerns and questions around the management of student capacity and adherence to social distancing measures.

While measures and guidelines may vary across states and schools, the basic concept is likely similar for all. It will be crucial to help keep students and staff safe by dividing both into small groups to promote social distancing. Implementing identification solutions like wristbands, lanyards, and ID badges, will assist schools in making safety visible, so students and staff can easily identify the different groups and areas they are assigned.

## VALUABLE ID SOLUTIONS FOR :

☑ **Grouping students and staff for easier management**

☑ **Limiting the risks of contamination by reducing group size**

☑ **Promoting social distancing for safety and peace of mind**

## USAGE EXAMPLES

### ACCESS CONTROL

Avoid crowds and gatherings at the school gates. If your school has several access points, define which group will use each. Issue different colored wristbands for each point of access (i.e. **orange wristbands** for access point A, and **blue wristbands** for access point B). If you don't have enough access points, consider defining arrival and departure times for each color group. Colored wristbands will allow everyone to identify their group easily and improve health and safety measures.

### CAPACITY MANAGEMENT.

Dividing students into small groups will also allow for better capacity management in regards to promoting social distancing in classrooms and other school areas.

- Classrooms 1 and 2 can be reserved for the **green wristband** group, while rooms 3 and 4 are assigned for students with **red wristbands**.

- Lunch or recreation areas can be assigned specific time frames based on their wristband color.

# COLORED IDENTIFICATION WRISTBANDS

## TYVEK® WRISTBANDS

Ideal for quick and easy identification and segmentation of students, staff, and visitors. Features tamper-evident adhesive closure for one-day use. Customize your own wristbands with your school's logo or name, access area, day of the week, class, date, etc.

Order custom wristbands online at **wristbands.com**

### Tytan-Band®

## THERMAL WRISTBANDS & PRINTER

Custom print your own thermal wristbands on-demand and on-site, how and when you need them with our direct thermal printer. Bright wristband colors help you visually identify students, staff, and visitors. Color-code by day, student group, or access areas, as well as print your school's name, mascot logo, day of the week, or access type. Our thermal wristbands are resistant to both water and fading, and feature tamper-evident adhesive closures for single day use.

### ScanBand S®

| PRODUCT NUMBER | SIZE OF WRISTBAND | SIZE OF PRINTER | WRISTBANDS/BOX |

# CUSTOM & STOCK LANYARDS

Lanyards are a popular way to carry and display student and staff ID credentials or badges. Use to color-code students and staff based on groups or access. **Customize your school's lanyards with our new and first-of- its-kind lanyard designer. Include school colors, logos, text, backgrounds, and much more.**

Order custom lanyards online at **wristbands.com**

Upgrade to our antimicrobial lanyards — designed and tested to inhibit growth of certain types of bacteria like Staphylococcus and Escherichia coli.

## Adjustable ⅜" Lanyard with Twist-Free Wide Plastic Hook

- Customize with school logos and colors with silk screen or dye sub printing
- No twist design keeps school ID or badge facing forward
- Adjusts from 24" – 44" long to fit all ages
- Stock options available in a wide variety of popular school colors

## Breakaway ⅜" Lanyard with Twist-Free Wide Plastic Hook

Breakaway lanyards break apart under pressure to prevent snagging, which are great for use with children in active environments like school playgrounds.

- No twist design keeps school ID or badge facing forward
- Stock options available in a wide variety of popular school colors

# CUSTOM & STOCK BADGE REELS

Secure and fashionable tool for students and staff to display their ID cards. The retractable cord allows ID cards to stretch up to 34", making them the ideal solution for access control, keyless entry, and employee time keeping. Select from a variety of stock badge reel colors, or add your school logo or custom imprint for an increased security measure or to promote your school.

## Round Badge Reel with Strap and Slide Clip

- Slide clip easily attaches to belt loops and pockets
- Available in a variety of popular school colors
- Customize with Digital Print, Flat Label or premium Dome Label for 100+ badge reels

2120-3031 shown with flat label

2120-3032 shown blank

## Premier Carabiner Badge Reel with Clear Vinyl Strap

- Sturdy carabiner clip will remain securely attached, even in the most active environments
- Customize with Digital Print, Flat Label or premium Dome Label for 100+ badge reels

2120-7052 shown with digital print

2120-7156 shown blank

# BADGE HOLDERS

Durable badge holders help protect your ID card or credential from damage or contamination caused by everyday wear. Holders can be cleaned with disinfectant that might otherwise damage the print or technology of the card. Multiple size, orientation, and material options accommodate student and staff ID. Add your school logo or custom imprint to use as an increased security measure or to promote your school.

## Textured Flexible Vinyl Badge Holder

- Slot and chain holes allow for easy attachment with a lanyard or badge reel
- Available in a variety of sizes and orientations to fit your ID
- Customize with digital print for 100+ holders

1815-1100 shown without print

## B-Holder Clear Rigid Holder

- Convenient thumb slot makes it easy to remove ID regularly
- Frosted front to protect from sun and light while still clearly displaying front of credential
- Available in a variety of colors and orientations

## TEMPBADGE™ EXPIRING VISITOR BADGES

Guests are an important part of school life, from visiting lecturers to volunteers. Schools have an obligation to keep their students and staff safe and secure, and an effective Visitor Management program is essential. Our TEMPbadge™ expiring badges and identification products are made with patented technology to provide a visual identicator when a badge is no longer valid.

### Half-Day / 1-Day School Adhesive Expiring Badge — Pre-Printed "SCHOOL VISITOR"

- Designed specifically for schools, featuring printed titles and expiring circles on two-piece badge
- Available in either half-day (4 hours) or 1-day (15 hours) time frames
- Expiring circle clearly changes color after time period, making it visible when guest's visit is over

| PRODUCT NUMBER | BADGE SIZE | BADGES/PACK |
|---|---|---|
| 08106 | 3" L x 2" H | 1,000 |

### Half-Day School Expiring Circle with Happy Face Design

- Expiring circle features a happy face graphic, making it perfect for use around children
- Circle is clear when first applied, allowing visitor's written data to be clearly read
- Two-piece badge turns yellow after 4 hours, visibly showing badge is no longer valid

| PRODUCT NUMBER | BADGE SIZE | BADGES/PACK |
|---|---|---|
| 08140 | 3" L x 2" H | 1,000 |

### Thermal Printable 1-Day Single-Piece-Adhesive Tab-Expiring Badge

- Perfect for use with TEMPbadge VMS™ or WhosOnLocation Visitor Management programs
- Thermal printable for adding guest name and other important information
- Single-piece badge expires after 1-day use to show guest's time is up

| PRODUCT NUMBER | BADGE SIZE | BADGES/PACK |
