HairMax Celebrates Relocation of Headquarters and Manufacturing to Accommodate Aggressive Growth

HairMax is pleased to announce the corporate office relocation and expansion that combines both Corporate, manufacturing and fulfillment operations to accommodate aggressive growth plans.

BOCA RATON, Fla. - May 23, 2017 - [PRweb](#) - HairMax, the pioneer in the development of FDA Cleared laser hair growth devices and treatments for hair loss, has relocated to a 40,000 square ft. facility in Boca Raton, FL. The two-story building houses the corporate offices, manufacturing, warehouse and shipping facilities. This new space more than doubles the corporate footprint to support heightened demand for our products.

The top floor houses the executive, sales & marketing offices. It includes open workspaces, creative and collaborative spaces for our design teams, varied meeting and conference spaces. This consolidation will serve to better meet the ever growing worldwide demand for HairMax products by assuring better communications, quality control and coordination between all departments.

"As the HairMax range of product offerings increases it has become necessary to expand our U.S. based manufacturing and fulfillment operations. Our new facilities have received ISO 13485:2003 and CAMDCAS certification from Intertek. This will allow us to meet the demands of an ever growing worldwide hair growth market and the increasing demand for our products", said Jim Smeriglio, Director of Manufacturing.

Mr. David Michaels, Founder and Managing Director states, "This new location will allow us to continue enhancing our ability to serve our customers at the highest levels and carry out our aggressive growth plans. Mr. Michaels also said, "Keeping our headquarters in Boca Raton, Florida was a priority. HairMax strives to create new employment opportunities by adding 20-30 new hires. We want to help drive economic growth to the region and make South Florida a destination for technology and health and beauty companies to locate their operations."
