PRESS RELEASE

## **World Renowned Expert in Hair Dr. Pierre Bouhanna Joins Lexington Int'l Medical Advisory Board**

**Pierre Bouhanna, MD, an international expert in hair transplantation and disorders of hair, is now a member of the Lexington International Medical Advisory Board.**

Jan. 5th, 2015 - BOCA RATON, Fla. -- Lexington Int'l pioneered the development of advanced hair loss treatments and hair growth products. The HairMax LaserComb® is the only medical device of its kind clinically proven and FDA Cleared to treat hereditary hair loss and stimulate hair growth in both men and women. Lexington is pleased to announce that the international expert on hair disorders, Dr. Pierre Bouhanna, has joined the company's Medical Advisory Board.

Dr. Bouhanna is in private practice in Paris, France as a dermatologist scalp surgeon. He is also is an expert dermatologist at the French Ministry of Health. Dr. Bouhanna is a consultant to the Saint-Louis Hospital in Paris and Director of the Paris VI University Hair Surgery Diploma.. He has published 10 books and more than 140 articles and is considered to be a world renowned expert in the field of hair loss. He is co-author of the seminal book on the surgical treatment of hair loss, Hair Replacement Surgery, Textbook and Atlas.

Lexington will be seeking expert guidance and advisory assistance from Dr. Bouhanna on clinical research and study protocols. Lexington will also be relying on his expertise to help design mechanistic and clinical research programs. Lexington looks forward to the contributions Dr. Bouhanna will make towards enhancing the credibility of photo-biostimulation as an accepted first line treatment of hair loss.

Dr. Bouhanna states: "I am pleased to join Lexington, one of the leaders in the research and development of treatments for diseases of hair." Dr. Bouhanna also stated: "As a member of the Medical Advisory Board, I look forward to providing my scientific expertise in the understanding of laser phototherapy for androgenetic alopecia, and advance its application for the treatment of disorders of hair."

David Michaels, Managing Director of Lexington stated; "We are honored and privileged to have Dr. Bouhanna as a distinguished consultant and as a member of Medical Advisory Board". Mr. Michaels said: "We look forward to having Dr. Bouhanna help advance the worldwide acceptance of laser phototherapy as a first line treatment for hair loss. We also look forward to utilizing his valuable scientific input and guidance as we continue our mission of developing and bringing to market meaningful therapies for diseases of the hair".
