

HairMax® Regrow MD Laser 272 Wins New Beauty Award for Best Innovations.

The RegrowMD Laser 272 has been chosen as one of the Best of the Best for Innovation by New Beauty Magazine. The Award recognizes the best innovations that solve the biggest beauty problems.

BOCA RATON, Fla. - April 24, 2019 -- PRLog -- HairMax, the pioneer in laser hair growth, announces their newest laser device, the RegrowMD Laser 272 has won a 2019 New Beauty Award in the Innovations Category. The Award recognizes the most innovative products that solve the biggest beauty problems. The panel is comprised by beauty experts, enthusiasts and editors at New Beauty magazine, who have vetted nearly 10,000 products and treatments to receive their ultimate stamp of approval.

The RegrowMD Laser 272 provides a safe and effective treatment for men and women with Androgenetic alopecia, also known as pattern hair loss. The clinically proven laser light energy stimulates hair follicles, reverses hair thinning, restores natural growth cycle and grows fuller, denser, more vibrant hair.

- 272 High Quality Lasers
- 30 minute treatment, just 3 days a week
- Lightweight, portable and battery-powered
- Treats hair loss at home or on-the-go

“We are honored to have the RegrowMD Laser272 recognized as one of the best innovations of 2019 by New Beauty.” Stated Francesca Dubsy, Director of Marketing.

David Michaels, Founder and Managing Director of Lexington Int’l, states: “As market leader, we feel a special responsibility to support men and women treating their hair loss in the way that best fits their needs, lifestyle and budget. With the addition of the Laser 272 to the HairMax family, we now offer by far, the widest selection of FDA Cleared hair growth devices on the market”

The RegrowMD Laser 272 is part of Lexington International’s family of FDA Cleared laser hair growth devices, and is available for purchase on www.RegrowMD.com
