

**Hairmax welcomes Yuliia Chorna, Ukrainian Dermatologist as Expert Advisor**

Hairmax is pleased to announce that Yuliia Chorna, joins the Medical Advisory Board as an Expert Advisor

BOCA RATON, Fla. (PRWEB) February 21, 2023

Yuliia Chorna, Certified Trichologist IAT, WTS, and Dermatologist with over 23 years of experience in hair loss and scalp disorders, has joined Hairmax, the leader in laser hair growth technology, as a medical advisor.

Originating from the heart of Ukraine, Yuliia always dreamt of becoming a doctor. She graduated from Dnipro State Medical University in 1995 with a degree in Dermatology and furthered her education at the Peoples' Friendship University of Advanced Medical Studies. Receiving her Trichology certification at the International Association of Trichologist in Australia, Yuliia became a member of the World Trichology Society and the Ukrainian Society for Hair Research UHRS.

Being a fervent lecturer, Yuliia travelled to several medical conferences and seminars across the world, including Ukraine, Italy, Japan, Czech Republic, Georgia, and Azerbaijan to share her expertise with her colleagues. She currently pursues a private practice, at the Dé UNUM Trichology & Skin Associates, in Huntingdon Valley, Pennsylvania where she prides herself on establishing a mission to help her hair loss patients become more empowered with long lasting improvements, better overall health and proactive well-being.

Yulia states, "As a medical professional, I am so impressed by the science and overwhelming clinical validation of Hairmax laser devices. I'm very excited to be part of the ongoing development and innovation of products that address a desperate situation for so many suffering from hair loss."

As an Advisor, Yuliia will provide valuable insight, guidance and expertise on hair loss and scalp disorders. She will also help educate the public on the many benefits of Hairmax laser therapy.

Yulia states, "In the clinic, we utilize the most up to date methods of treatment and procedures for hair and scalp. Hairmax laser therapy is certainly one of the most effective, but it is important to understand that success is achievable only with systematic and long-term use." Yulia continues to state, "Since 2014, I have been recommending Hairmax laser therapy to my patients and it has never failed."

David Michaels, Managing Director of Lexington said, "We feel privileged that Yuliia Chorna has agreed to join Hairmax as a medical advisor." Mr. Michaels further stated: "We look forward to utilizing Yuliia's valuable expertise and guidance as we continue to innovate new hair growth devices and products for hair and scalp."

**About HairMax:**

Based in Boca Raton, Lexington Int'l is the pioneer and global leader in laser hair growth technology. HairMax Laser Devices are the first devices on the market to receive FDA Clearance as a medical device to treat hair loss (androgenetic alopecia) and stimulate hair growth. HairMax Laser Devices have been the subject of 7 clinical studies proving both efficacy and safety with an 93% success rate. Study results have been published in 6 peer reviewed medical journals. HairMax Laser Devices have been granted 8 FDA Clearances and hold 14 medical device licenses worldwide.
