

400A SERIES

BATTERY POWERED IRRIGATION CONTROLLER

DIG presents the new single station, 400A series battery powered controllers. These controllers provide a simple and reliable method for irrigation control when AC power is not available. Rugged and waterproof, the 400A series controllers are built to last whether below grade in a valve box or above grade on an anti-siphon valve. Flexible, iconic programming combined with durable construction make the 400A series battery powered controllers the ideal choice for your irrigation system needs.

Features:

- Simple to program
- Rain sensor compatible
- Battery life up to three years with two, brand name, AA alkaline batteries (not included)
- Sealed potting technique provides IP68 rated waterproofing
- Timer only model (400A-000) includes solenoid valve adapters to retrofit to Rain Bird, Hunter and Toro valves
