

THE P^WER OF CHOICE

2.0 VARIABLE VOLTAGE BATTERY

The O.penVAPE 2.0 Variable Voltage Battery has four voltage settings, providing the user with full control over their vaporizing experience.

The lowest voltage setting provides users with a mild experience and the highest voltage setting provides users with an intense experience that can be likened to a dab.

VARIABLE VOLTAGE LEVELS			
LOW 2.4V	MEDIUM 3.2V	HIGH 4.0V	WAX 4.0V
SMOOTH & MELLOW	MILD & BALANCED	RICH & ROBUST	STRONG & POTENT
